

SUMMIT GLASS

No. 03CATALOGUEYEAR 2024

Decorative Wrought Iron Exclusive Traditional

An assortment of different textures and colours combined to create beautiful glass designs.

Solid steel bars are welded and bent to create elegant glass designs.

A fusion of stained glass and wrought iron. Exclusively ours.

Going back to the basics. Timeless, simple and functional.

DISCLAIMER

The availability of our designs is subject to change without notice. Ask your local contractor for availability and pricing. Design and colour are subject to changes without notice.

Pictures may not appear exactly as shown in the catalogue due to lighting, printing and angles.

All of our designs are handcrafted with precision and care. Each piece will vary slightly in texture and color, making it unique to itself.

Multi-point locks latch into a doorframe at several points and provide added security to your door. There are three locking points compared to the usual one (refer to the left reference picture).

The encased box ensures a more solid fit and reliable mechanism. With three latches, your door will stay more rigid and secure as, there are three points of contact compared to the usual one. Ask your local contractor on how you can get your very own multi-point lock system.
